21

22

23

24

Fold and unfold along angle bisector.
 Plier et déplier selon les bisectrices.

25

26

Optional: you might want to not fold this flaps to keep wings larger.
 Larger wings bring more possibility to shape.
 Facultatif : ne pliez pas pour garder des ailes plus larges et avoir plus de possibilité de modelage.

27

28

29

30

31

Reverse fold.
 Pli inversé intérieur.

32

33

34

Open sink the beak to round it
(or just mountain fold it).
*Pli enfoncé ouvert pour arrondir
le bec (un pli montagne est plus simple).*

35

Pull out slowly the trapped flap.
*Sortir doucement le volet
des pattes.*

36

Outside reverse-fold.
Pli inversé extérieur.

37

Open sink.
Enfoncement ouvert.

38

Shape the legs.
Modeler les pattes.

39

40

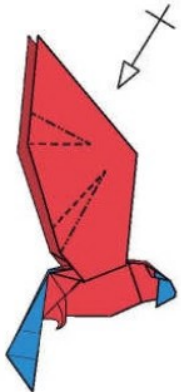

41

42

Challenge: Shape the wings with a 3D effects, using just 2 pleat-folds.
*Défi : Modeler les ailes en leur donnant un effet 3D juste
avec deux replis simples*
